We are privileged to live in an area so rich in natural beauty, but the Northland can also take it's toll on your vehicle's appearance and value. You have worked long and hard to be able to purchase your new vehicle. Keeping that vehicle looking like new shows real pride of ownership and can give you years of enjoyment and satisfaction from your hard-earned dollars. For as little as <sup>§</sup>11 a month you can be worry free knowing that your vehicle will look just as good as it did the day you drove it home and hold the highest value when it comes time to purchase again. Don't let road salt, subzero temperatures, tree sap, and coffee spills rob you of your investment. Take control and protect it today.
